	Recruitment Initiative	Description
1	Participation in job fairs	During the reporting period, WFFT's General Manager and Local Sales Manager attended the Ball State Sales Career Fair at Ball State University on January 30, 2017. At the fair, our representatives spoke with attendees and answered their questions about careers in broadcasting.
2	Establishment of training programs designed to enable station personnel to acquire skills that could qualify them for higher level positions	Throughout the reporting period, WFFT continued our efforts to cross-train employees so that they will be qualified for higher level positions in the broadcasting industry. Specifically, our Newscast Audio Operator was trained in the skills necessary to become a Newscast Technical Director. The training sessions occurred on a regular basis and were conducted by our Newscast Technical Director.
